

Bio Factor Group is a *Direct Manufacturing Group*.

We produce 100% natural, instant, spray dried bulk of: chicory, green coffee bean extract, barley, barley malt, rose hip and rye. We specialize in healthy hot beverages, coffee substitutes, coffee blends, cereal blends, natural instant flavors and extracts for hot beverages utilizing novel and cutting edge manufacturing technologies.

Bio Factor Group provides private packaging and logistic services for clients as well. **Bio Factor Group's** products are produced from carefully selected, high quality, food grade raw materials. The manufacturing of the final products takes place via a natural extraction process. Vacuum concentration process allows maximum retention of natural vitamins and minerals. There are no preservatives or any chemicals added during the entire production process. All of our products are free of any pesticides and genetically modified organisms (GMO), unadulterated, and safe for consumption.
